The «UzStroyExpo – 2024» construction technologies exhibition takes on special significance in the context of the implementation of the decrees of the President of Uzbekistan. According to paragraph 48 of Appendix No. 1 to Decree No. UP-158 dated September 11, the goal is to double the production volumes of construction materials and expand the production of new energy-saving materials. Another key document is the Decree «On the approval of the strategy for modernization, accelerated, and innovative development of the construction industry for 2021–2025.»

The main part of the exhibition is dedicated to construction materials, construction equipment, production technologies (including equipment for processing, welding, and manufacturing), engineering systems, as well as decorative and finishing materials.
